### Disclaimer

This report does not have the purpose to spread fear about the Coronavirus but rather help keep up to date information and also a showcase of data processing, data modeling and visualization using Power BI.

Please keep washing and disinfecting your hands, watch your health, try not to put yourself or others at risk by traveling to affected regions and follow the instructions of your local health authority.

If you still need more information or guidance, take a look at [this site](#) from the World Health Organization (WHO).
